- PostgreSQL
- Django
- React.js
- ionic
- cordova
- DRFW

Competencies

Web development projects

Programming

Teambuilding

Problem-Solving

Flexible and Adaptable

Training and Development

As a software developer with over 4 years of experience, I have a strong foundation in languages such as Python and JavaScript and frameworks like Django, DRFW, and ReactJS. I have worked with small internal tools to large customer-facing applications.

I am dedicated to building high-quality software that is both functional and user-friendly. I thrive in collaborative environments and enjoy working with cross-functional teams to identify and solve problems.

Continuous learning is important to me, and I am always looking for ways to improve my skills and stay up-to-date with the latest developments in the field. I am excited to bring my expertise and passion to new opportunities and make a positive impact in dynamic and forward-thinking companies.

Work History

2021-03 - Current
